1. Receipt is acknowledged of the response filed on 10 August 2005, which has been entered in the file.

Allowable Subject Matter

2. Claims 1-19 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Although, the best prior art of record to Watanabe and Pollack teaches the resonant motor comprising a first winding, a second winding, a switch, and a plurality of circuits for operating the resonant circuitry such as a motor. However, Watanabe and Pollack taken alone or in combination of other references, fail to specifically teach or fairly suggest that a drive circuit and a method for operating a resonant motor comprises a control circuit connected to a coil drive circuit and a switch wherein the switch for switching the first and the second state, the control circuit provides a control signal to the coil circuit in response to the feedback signal from the resonant motor wherein the voltage value of the feedback signal varies when the switch is in the first state and the voltage of the feedback signal is held substantially constant when the switch is in the second state, and/or the optical code reader comprising aforementioned resonant motor therein for scanning the optical code as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
